DR GOH PING PING

MBBS, MRCP (UK), FRCP (Edin), FAMS (Cardiology)

Cardiologist

Echocardiologist & Clinical Exercise Specialist

Asian Heart & Vascular Centre

Dr Goh Ping Ping is a Cardiologist who specialises in Echocardiography. She currently practises at Mount Elizabeth Medical Centre. She was formerly the Chief and Senior Consultant of the Department of Cardiology at Changi General Hospital. Dr Goh graduated with Bachelor of Medicine and Surgery in 1988 from the National University of Singapore and completed Advanced Specialty Training in Cardiology in 1997. She trained in Echocardiography in the Cleveland Clinic Foundation, USA. She is a Fellow of the Royal College of Physicians, UK; Fellow of the Academy of Medicine (Cardiology), Singapore; Fellow of the National Board of Echocardiography, USA. She is also the official spokesperson for the Singapore Heart Foundation's Go Red For Women campaign which aims to raise awareness of heart disease among women.

DR JEREMY CHOW

MBBS, MRCP(UK), MRCP(London), M.Med (Int Med), FAMS(Cardiology)

Cardiologist & Electrophysiologist

Asian Heart & Vascular Centre

Dr Jeremy Chow graduated with Bachelor of Medicine and Bachelor of Surgery from the National University of Singapore in 2001. He obtained the Master of Medicine in Internal Medicine from the National University of Singapore in 2006 and was admitted as Member to both the Royal College of Physicians of United Kingdom and the Royal College of Physicians of London in the same year. Dr Chow was certified as a Specialist in Cardiology since 2010. He was awarded a scholarship from the Ministry of Health, Singapore under the Health Manpower Development Plan for further specialised training in cardiac implantable electronic devices and electrophysiology in Germany in 2011. Dr Chow is an experienced cardiologist and electrophysiologist and has special interest in the management of arrhythmias like supraventricular tachycardias and outflow tract ventricular tachycardias as well as cardiac device management for symptomatic bradycardias and sudden cardiac death prevention.

Jointly brought to you by: _____
